Hi Fran, would you have some availability on Friday or early next week to talk about the objective and format of the upcoming EO community meetings?

Best,
Kim

Hi Fran,

Thank you for this information. We appreciate the opportunity to contribute.

Please reach out to me with a few time windows of your availability for the pre-meeting.

Best,
Kim

Subject: Ethylene Oxide Community Meetings

EPA has finalized its schedule for community meetings to discuss ethylene oxide emissions from the eight industrial facilities noted in the Management Alert issued by EPA's Office of Inspector General in March 2020. The scheduled meetings are:

- July 27, 2021: Shell Technology Center, Houston, TX
- July 29, 2021: Evonik and Dow/Union Carbide, near Reserve, LA
- August 3, 2021: Indorama Ventures, Port Neches, TX
- **August 5, 2021: Sasol Chemicals, Lake Charles, LA**
- August 10, 2021: Eastman Facility, Longview, Texas
- August 12, 2021: BCP Ingredients and Taminco, St. Gabriel, LA

EPA will conduct the meetings using the virtual platform of ZOOM. This will allow us to have a question and answer session after presentations. We expect the schedule to be:

6:00 pm to 6:05 pm: Local government officials welcome

6:05 pm to 6:10 pm: State officials welcome

6:10 pm to 6:40 pm: EPA welcome and presentation

6:40 pm to 6:50 pm: Facility presentation

6:50 pm to 6:55 pm: EPA moderator discussion about format for questions and answers

7:00 pm to 8:00 pm: Questions and answers – NOTE: Questions will be limited to 3-minutes per person

8:00 to 8:05 pm: EPA moderator to close webinar

I will be reaching out to you to schedule a time to discuss if the facility wants to make a presentation, understand any limitations from the facility, and if the facility wants to address questions for them.

Thank you, Fran
